

To Whom It May Concern:

This serves as an open letter of recommendation which is being provided on behalf of JT Low Voltage and Jimmy Tsilfides.

For the past ten years, Stratatech Group LLC has used JT Low Voltage for all of our Cat5e wiring, phone system and electrical installations as well as maintenance. JT Low Voltage has proven to be a very professional, responsible, reliable and affordable contractor. We have recommended their services to many of our customers and have always received very positive feedback in regards to their work.

It is without reservation that we highly recommend them for any wiring or phone system installation needs that you may have.

I can be reached at 203-299-0222 or via email at alb@stratatech.net.

Sincerely,

Al Boccanfuso
